

## Gottims Monster 1808

By S. Dorman

lulu.com. Paperback. Book Condition: New. Paperback. 184 pages. Dimensions: 9.0in. x 6.0in. x 0.5in. GottimS Monster 1808 is coming-of-age speculative fiction. A New England Gothic recasting of Mary Shelleys Frankenstein, Gottims Monster is part of The Gods Cycle and is set in the mountains of Western Maine, 1808. Its fantastic elements sparse in beginning, The Gods Cycle moves through its story in time and place with increasing mythic emphasis. If I had to reduce a complicated, vivid book to a one-liner, Id say that Gottims Monster is a Maine-grown dialogue with Shelleys Frankenstein, opening up the arc with questions about how and why the irrational can irrupt into what we think of as rational life. The land and the town are as important as the individual characters, setting the reader up for an absorbing read. -Sherwood Smith, author of Blood Spirits and the Dobrenica series. This version of Gottims Monster is abridged, leaving out the townsfolk chorus of its 1980s frame, within which the original 1808 story is pictured. Gottims Monster 1808 is the more compact tale. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
