Forgotten Books, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Louis Kuhne s Facial Diagnosis: Facial Diagnosis Is Essentially an Ante-Diagnosis, Enabling Us Both to Foresee and Forestall Any Ailment This little book, by reason of the conciseness and completeness with which the subject is treated, no less than the revolution its appearance must make in existing methods of diagnosis and treatment of disease, is undoubtedly destined to a place among the classics of science. As the exclusive work of one man, it is an immense achievement. Such forms of disease as cancer, consumption, blindness, etc., which have, heretofore, been considered utterly incurable, and are possible of treatment only after they have gained considerable hold upon the system, can, by Louis Kuhne s Method of Facial Diagnosis be readily and effectively treated at any stage, even previous to their definite development. But still another important service is rendered by this work, in enabling us to learn, from the study of ancient busts and statues, the then prevailing types of disease and disorder; and, through a knowledge of these, to read, in the down-fall of the nations suffering from them, a lesson for the enlightenment and uplifting of the civilizations of the future, whose surest foundations are laid in perfect physical health.
