Reviews

The book is fantastic and great. It is definitely basic but shocks in the 50 percent in the pdf. Its been printed in an remarkably basic way and it is just soon after i finished reading this publication in which really changed me, change the way i believe.

Excerpt: .but the area is-so small, that it has more the appearance of a well than the court of an edifice. In this building is the assembly-room, sixty-five feet by twenty-five, handsomely fitted up; but the music-gallery ar one end is a mere over-grown shelf; the common blunder in nine assembly-rooms out of ten. The card room is preposterous; a narrow flip of about eleven feet wide; so that Lilliputian card tables must be made on purpose for the room, or no passage re-, main around them for spectators. From the cupola on the top of the building is a very fine view of the town. The The new church, dedicated to St. Paul, is a building that does credit to the town: It stands in the centre of a square, so that you may view it to much better advantage than its namesake at London; but though handsome in several respects, yet will it by no means stand lo v eli the test?f examination. The cupola is by no means striking; it does not rife in a bold stile; its being ribbed into an octagon is disadvantageous; nor is there simplicity enough in the lantern. There is a great heaviness in the breadth of the space between the capitals of the pillars and the cornice. Within there is a central circular area of forty feet diameter, inclosed by pillars of the Ionic order: There is much lightness, and a simple elegance in it-that is...
