When you sense its arrival, the first thing you do is google for some instant remedy that will help you get over it quickly. While there are innumerable, amounts of information, present online, separating myths from what really works for you is quite difficult. Further, you are sure to be bombarded with well-meant but confusing advice from everyone you encounter. And there are the readily available over the counter remedies and alternative medications that promise instant cure. So what do you do? Most often people try out different kinds of treatments right from taking supplements and hot drinks to gargling salt water and taking the popular cold medicines available without prescription. But how far these are effective is not known yet. Do you know that viruses are the main cause and there are countless number of virus types that cause common cold? The real and honest truth about common cold is that there is no permanent cure for it. In this technology driven age, you may be amazed at how such a common condition is yet to be resolved completely. While there are vaccines, drugs and other treatment forms for most illnesses, a permanent cure for common cold has not been found yet unfortunately. But herbal medicine offers respite to those who suffer from common cold....
