Reviews

A really wonderful book with lucid and perfect reasons. This can be for all who statte there was not a worth reading through. You are going to like how the author write this book.

(Dr. Grady Jacobi DDS)

THE MAP TRAP

Atheneum/Caitlyn Dlouhy Books, United States, 2016. Paperback. Book Condition: New. Dan Andreasen (illustrator). Reprint. 188 x 130 mm. Language: English . Brand New Book. This map-tastic middle grade story from Andrew Clements gives the phrase uncharted territory a whole new meaning! Alton Barnes loves maps. He s loved them ever since he was little, and not just for the geography. Because maps contain more information than just locations, and that s why he likes to draw them as well as read them. Regular point A to point B ones, sure, but also maps that explain a whole lot more like what he really thinks about his friends. And teachers. Even the principal. So when Alton s maps are stolen from his locker, there s serious trouble on the horizon and he ll need some serious cartographic skills to escape it. From a genius of gentle, high-concept tales set in suburban middle schools (The New York Times), this stand-alone story is off the charts.
