AUTHORHOUSE, United States, 2011. Hardback. Book Condition: New. 231 x 160 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. What do CSI(r), Twilight(r), Indiana Jones(r), Theoretical Physics and The Holy Bible all have in common? According to this book, Blood! From forensic science to vampires to hunting for the Holy Grail, we, as a culture, by necessity and curiosity, are fascinated by this gooey material that flows through our veins! Red, life-giving, and one of the greatest enigmas of science, blood becomes the subject of interest in this thought provoking study of the Bible. Fundamentally, BLOOD is the most important natural element in Christendom because of the Sacrifice of Jesus, His Blood and Its connection to Christian salvation. Drawing from divine inspiration, the etymology (study) of classic Hebrew and Greek words and other fields of study, this book attempts to answer two basic questions: What is the Blood of Jesus and how can It actually save us? The theoretical answer lies inside the pages of this book. The author invites readers to join him in a sort of Crime Scene Investigation at the foot of that Cross to determine the true nature of Jesus.
